MRI STEPLADDER

L-3431-MR
L-2431-MR

375 LBS
LOAD CAPACITY
(Includes weight of user plus materials)

MR STEPLADDERS

BECAUSE WORK AIN’T PLAY.

L-3431-06MR
L-2431-06MR

MR CONDITIONAL
CAN BE USED IN THE
MRI ENVIRONMENT

2 PERSON
LADDER!

BOTH SIDES OF TWIN FRONT
LADDERS CAN BE USED
SIMULTANEOUSLY BY
ONE PERSON PLUS MATERIALS

MR Conditional

* Non-clinical testing demonstrated that these products are MR Conditional and can be used in the MRI environment according to the following conditions:
  * Static magnetic field of 3-Tesla or less
  * Spatial gradient magnetic field of 720-Gauss/cm or less

IMPORTANT NOTE: This product is intended for the use inside of the MRI environment (e.g., in the MR system room, close to the scanner). However, the ladder is not intended to be utilized directly inside of the MR system (e.g., inside of the bore of the scanner), itself. As such, the assessment of magnetic field interactions for this product specifically involved a qualitative evaluation of translational attraction in relation to exposure to a 3-Tesla MR system.
### L-3431-MR

1. **Heavy gauge Aluminum Hinges**
   - Heavy gauge aluminum hinges provide extra strength

2. **Spreader Braces**
   - Pinch-resistant aluminum spreader braces

3. **Gusset Bracing**
   - Heavy-duty gusset bracing on each step for extra support

4. **RaptorBoot™**
   - Heavy-duty boot protects fiberglass
