MEET YOUR WORKSITE WORKHORSE.

When the job calls for maximum productivity, Louisville Ladder's Pinnacle series has everything you need to meet the challenge. Available in three rugged models, Pinnacle fiberglass platform ladders are the strongest, most versatile options for whatever work throws at you. Each model features the ultra-convenient, non-conductive ProTop™, a heavy-duty extended handrail, and a platform that's larger than any other available. These ladders let you do more work in less time, because with Pinnacle you don't have to get down until the job gets done.
